

DOOR DOOR

The Arbors at Greenfield

August was our Flamingo Month. We celebrated by watching videos of Flamingos, enjoyed a Flamingo Festival where we played carnival games to win prizes and ate fair foods (like fried dough), and we also had a Flamingo social, where we had the choice of having our crazy pictures taken. As you can see we had a lot of fun with the Flamingo/ beach photo props! We also enjoyed Pina Colodas , Mango Margaritas, and appetizers of Scallops wrapped in Bacon and Pigs in a blanket . Our Directors also joined the fun, wearing Flamingo shirts and headbands or Flamingo hats! We love to party here at The Arbors at Greenfield!

DOOR DOOR

The Arbors at Greenfield

August was a fun-filled month! With the Flamingo word finds, the socials, and our first attempt at a paint pour. This was an amazing activity and actually very simple! The residents were quite surprised at how the paintings came out. Then we had a rep from Paint Social come and teach us how to paint a tropical scene with a Flamingo. This one was a little tougher, but with a little help and lots of laughs they didn't come out too bad. Can't imagine what Chris and Cheryl will come up with for next month!

Reflections Community

Out & About

This month we were able to take several bus trips and went on two lunch outings with traditional residents!. The weather worked in our favor when we headed to Pasiecniks for a luncheon and of course, we couldn't go to a creamy stand without getting ice cream!

Flamingo-ing thru August

We certainly did "flamingo thru August", with our many flamingo-themed activities! Residents have beautiful artwork from all of our artistic activities we participated in! Reflections residents joined traditional residents, for a number of socials including our flamingle social, paint social, cookies and canvas fun, two lunch outings, and our flamingo festival!

DOOR TO DOOR

THE Arbors™
Assisted Living Residential Communities

Be sure to check out special events for this week. Please make sure if you need to sign up for an activity you do so near the reception's desk. Some events have limited seating. Also make sure if you are having a guest accompany you to an event please sign them up also. Let's have a fun-filled week!

*A warm Arbors Welcome
to our new neighbor:
Adele Motti*

Claire C	9/23
Irene	9/23
Have a great day!!	

RESIDENT SPOTLIGHT

Elizabeth (Betty) Forbes has been a resident here at the Arbors since September of 2012. Betty was born in Athol, grew up in Wollaston MA, and has since lived in Cohasset, Marshfield, Ft. Myers FL, and now Greenfield! Betty graduated from business school in Boston, for secretarial work. Among the variety of jobs that Betty had throughout her life, being a legal secretary for a lawyer, and a stay at home mom were her favorites. Betty's late husband Stewart (who was nicknamed Bill), worked as a school teacher at a vocational school. Betty and Bill raised two children, Dianne and David, and also fostered children as well. Betty is proud to say she has five grandchildren! Once their children were older, Betty and her husband took a summer to travel across the country. Betty has also traveled to Europe with a dear friend of hers. Being a "Floridian", Betty dislikes winter in New England and likes to take full advantage of being outside in the warm weather. Betty loves to have her cup of coffee to wake up in the morning, but throughout the day will sip her hot tea and occasionally enjoys hot cocoa as a treat! With all the activities provided here at the Arbors, Betty said she is never bored! She loves attending socials, music entertainment, going on outings (especially out to eat), playing cards, and trivia. One thing Betty loves about the Arbors at Greenfield, is that she is never lonely and her daughter Dianne lives close by. But her VERY favorite thing about the Arbors, is all the good food she doesn't have to cook! Betty is a huge fan of seafood and loves that she gets to special order a meal for her birthday lunch...this past July, Betty requested lobster!
